

## **DUAL SANCTION AGREEMENT BETWEEN USA SWIMMING and USMS**

Combining USA Swimming and USMS meets is now an official option as a result of an agreement signed by USA Swimming and USMS July 30, 2008. A number of inquiries have been received asking how to run such combined meets. Below is "Attachment A" from the signed agreement that describes three methods for running combined meets. Note that the term "organization" refers to USA Swimming and/or USMS throughout the document.

### **ATTACHMENT A**

#### **COMBINED, PARALLEL, and INTERWOVEN MEETS**

The number of inquiries as to what mechanisms are available for combining USA Swimming and USMS swimming meets has been increasing. The reasons for combining these meets are many, ranging from the limited availability of pool time and officials to the desire to promote the sport as a lifelong activity. There are several ways of accomplishing this goal within the rules and insurance policies of each organization. This document outlines these options.

It is assumed that all competitors are a member of either USA Swimming, USMS, or both. Those that are members of both must select one organization with which to compete for the entire meet. Dual membership cannot be used to exceed the daily event limits imposed by either organization. Automatic recognition of times achieved by a USMS swimmer competing in the USA-S portion is still available.

Any of the joint meets described below must have sanctions from both USA Swimming and USMS. Both sanctions must be held by the host organization. The host organization cannot be required to accept a participant from either USMS or USA Swimming that would otherwise be barred from participation by their respective organizations.

USMS Record and Top Ten submissions must comply with all USMS documentation requirements.

#### **Combined Meets**

With the consent of all (co-)hosting teams and the LSC and LMSC, a combined meet may be sanctioned by both USA Swimming and USMS and all swimmers competing according to USA Swimming rules. This mechanism allows the meet host(s) to seed the event as they normally would, based upon times, with USA Swimming and USMS members combined in heats without specific lanes allocated to one organization or the other. There are restrictions however. A divider must separate members of each organization. A lane line is sufficient to achieve the separation. This does preclude, for example, swimming two-to-a-lane with a member of each organization in the same lane. Warm-up and warm-down should be conducted in separate lanes. Relay teams must consist of members of the same organization.

### **Parallel Meets**

The two meets may be swum in parallel by assigning some number of lanes to USMS competitors and a different set to USA Swimming competitors. If possible, separate stroke and turn officials for each set is preferred. It is permissible to adjust, for example, the makeup of the USMS heats so that competitors in a given heat have approximately the same seed times. Each organization's rules would apply to their members.

### **Interwoven Meets**

The two meets may be swum with complete heats of swimmers from both organizations alternating. There would be no need for separate stroke and turn officials. Each organization's rules would apply to their members.
